

DuraTack

Indoor Athletic Tacky Mats

**TACK REGENERATING SUPER POLYMER
CONTAMINANT REMOVAL FLOORING FOR INDOOR COURT SPORTS:**

**Basketball – Volleyball – Wrestling – Handball
Racquetball – Squash - Tennis – Weight Training**

DuraTack TACK REGENERATING SPORTS MATS are environmentally friendly and minimize injuries due to loss of traction from dirt, dust and other contaminants. Mats prevent 98% to 100% of footborne and wheelborne contaminants from being spread onto protected areas. DuraTack mats can be used for all indoor court sports including: ***basketball, volleyball, wrestling, racquetball, handball, squash, tennis and weight training.*** Easily moved and reapplied with little effort. Mat self adheres to floor leaving no adhesive transfer since there is no adhesive used. The most cost effective, lowest overall price and offers the greatest protection of any mat including disposable mats. Mats clean easily in a short time and the tackiness regenerates itself. The mat carries a 2 year warranty and, when properly taken care of, can easily last up to 5 years.
